Responsibility for Damage to Municipal Roads

(Needs to Be Accepted before a Building Permit is Issued)

The laws of the State of Wisconsin govern the Municipality. Section 86.02 of the Wisconsin State Statutes pertains to Injury to highway and states:

“Any person who shall injure any highway by obstructing or diverting a creek or watercourse or sluiceway, or by dragging logs or timber thereon, or by any other act shall be liable to treble damages, to be recovered by the political division chargeable with the maintenance of highway injured, and the amount recovered shall be credited to the highway maintenance fund.”

This statute clearly states that any person who damages any highway by any act is liable for damages.

I assert that I have read the above and take responsibility for any damage to municipal roads resulting from any act associated with my building construction.
